Body Robert K. Hunt Is Buried Monday

Taken From Waters of River In California; Brother Was Witness to Its Recovery

The body of Sergeant Robert Hunt was taken from the San Joaquin River near Stockton, Calif., Friday afternoon and returned to Canyon Monday for burial. Malcolm Hunt, brother of the deceased, was present when the body was recovered and accompanied the deceased to Canyon.

According to information given Malcolm, Robert had become well acquainted with Harold Pulliam, employee at the army motor base. Pulliam was building a motor boat and asked Robert to accompany him on a trial trip Saturday afternoon. The two men made the trial run, and the boat worked perfectly. Later in the afternoon, Corpl. Foshee asked that he and his girl friend be taken out for a ride. Pulliam at first refused as it was getting late and the second seat in his boat was not complete.

Finally, Pulliam agreed to take the couple for a ride and Robert decided to accompany them. Pulliam and the girl occupied the front seat; Corpl. Foshee rode behind them on a partition between the two seats; while Robert sat on a pile of life preservers in the rear of the boat. After a ride up the river, it was getting dusk. Foshee carried on a conversation with both the driver and Robert and did not realize that anything had happened until he looked around to see Rob-

Summer Session WT Is Underway

Attendance Has Reached 500 This Week; Reid To Teach Course on Aviation

This is it—the first wartime summer session since Pearl Harbor.

The wartime emergency is reflected in the length of the session —15 weeks. The first 9-week term ending July 25 will be followed by a 6-week term ending September 5.

Current enrollment, delayed by the fact that some schools closed after the start of this session, has passed 500 and is gaining daily. Demonstration school enrollment is about 160.

To these figures must be added the 22 pupils of the nursery school sponsored by the Department of Home Economics with Miss Angie Nall as instructor. The ages of the children range from not quite two to four years. A playground has been established at the rear of the Home Management House. The pupils are dismissed at 12:45 p. m.

Demonstration school enrollment is well distributed between the twelve grades. Miss Mary Lou Roberson has been employed to teach art. Miss Ruth Lowes is taking the work of Miss Anna I. Hibbets, who will rest this summer.

The first of the weekly college assemblies will be next Tuesday at 7:30 o'clock. Dean R. P. Jarrett will be in charge. The faculty reception for summer students will be held soon.

Miss Louise Manigault of Austin has arrived to teach art classes which were scheduled to be taught by Prof. D. T. Swineford. Mr. Swineford is now in the Army. Miss Manigault has the B. A. degree from T. S. C. W. and the M. A. degree from Columbia University. She is staying in the home of Miss Mary E. Hudspeth.

Supt. J. W. Reid of Dumas will join the summer faculty to teach aviation courses beginning June 15. One of these will be designed for high school teachers who will offer pre-flight trailnng in their schools next fall.

A summer recreation program will be outlined this week. The extent of it will depend upon the wishes of summer students. Coach Gus Miller will be director.

War Price and Rationing Board Is Its New Name

A new name has been given local Rationing Boards. In the future these boards will be known as War Price and Rationing Boards.

When organized, these boards handled only tire rationing.

Then came sugar rationing, and this was added to the duties of the local boards. Price control is now being added to the duties of the boards, and hence the change in name of the local boards.

The Randall County Board has been operating without supplies of any kind and with inadequate office help, considering the vast amount of work which has been piled upon the office. A bulletin received Tuesday indicates that adequate supplies and office room would be furnished in the near future and provision made for sufficient office help.

The local board has requested that citizens refrain from asking for sugar certificates on Saturday or Monday.

Saturday is the day set aside for hearing applications for tires. The board is always in session all day Saturday, and usually is not able to wind up the applications until late at night. Then it takes all day Monday to complete the reports in connection with tire applications.

No change in sugar allotments for canning has been received, according to T. S. Stevenson, clerk of the local board.

Fire at Knighton Home Does Damage to Extent of $500

The garage and storage room at the T. H. Knighton home caught on fire Thursday evening from trash burning in the alley.

About $500 damage was done to the building and contents, which included lawn and garden tools, bedding, camping equipment and clothing.

Miss Olive V. Schramm returned Saturday from Temple where she was in the hospital for two weeks. She will return to her work at the News office this week.

Appeals Court Reverses Case Against Dowlen

The Court of Criminal Appeals has reversed and remanded the case against Charles Dowlen, who was sentenced to 25 years in the penitentiary in District Court. The charge was rape, and the jury found the defendant guilty.

The case will come up again in the September term of district court.

Mr. and Mrs. Charles Reeve have moved to Canyon from Hereford for the summer. Mrs. Reeve will continue her work as assistant instructor of piano in the College, while Mr. Reeve does graduate work.

Mr. and Mrs. Eldon McCarter spent last week in Fort Worth, Westbrook and Wichita Falls. Mr. McCarter, who works for Consumers Service Station, was on his vacation.

Berry McCarter and Dick Smith are home for a few days from the University of Texas. They will return to Austin for the summer session.

Dean R. P. Jarrett left yesterday for Austin to attend an educational conference called by State Supt. L. A. Woods.

Mr. and Mrs. Curtis L. Huges and daughter of Oklahoma City spent the week end with his mother, Mrs. R. M. Gibbs.

$19,400 Is June Quota For Bonds

May Sales of War Bonds Goes Over Top Is Report Made By R. H. Wright

Randall county exceeded the May quota for War Bonds by $592.50. The May quota was $13,900 and the total sales amounted to $14,492.50.

The June quota has been announced as $19,400.

R. H. Wright, county chairman, states that the June sales have started off fine, and he hopes that every citizen will do his best to meet the increased quota for the month.

Frequent reports will be made on the sales of bonds in order that all citizens may see the progress being made.

Immediate Draft 18-19 Age Group Is Not Expected

Next three months may determine whether military authorities ask Congress to draft youths of 18 and 19. These men will register on June 30.

Unofficial proposals to lower the minimum Selective Service age from 20 to 18 years have aroused some strong opposition in Congress and informed legislators said it was likely a decision would be postponed until fall brings a clearer picture of how long the war will last.

Senator George believes a more intelligent judgment of the question could be made after the summer military campaigns.

"If it appears then that the war will last through 1943 and may run through 1944 or even 1945, I have no doubt that the Army will want to drop the age limit to 18," the Georgian said. "Under present conditions, I would hesitate to draft 18 year olds and would not want to make 19 year olds subject to compulsory military service unless it is absolutely necessary."

The War Department has not masked its desire to get younger men into the Army, but Senator Taft said he had been supplied figures which indicated that the Army could build up to a total of between 4,500,000 and 5,000,000 men within the next year without taking either 19 year olds or men with families.

June 13 Is Last Day Candidates Enter Primaries

June 13 is the last day for county and precinct candidates to file for public office.

So far no countywide contests have been developed. There is only one precinct contest in Randall county so far.

Monday was the last day for State and District candidates to file. It is reported that a number of new candidates showed up, but that the state toicket will be shorter than usual.

The Randall County Executive Committee will meet on June 22 to set the filing costs for each candidate and to draw for places on the July ballot. County and precinct candidates must pay the cost of the primaries.

Do your Shopping in Canyon!

Jas. V. Allred to Visit Friends in Canyon, June 12

JAMES V. ALLRED

The first candidate for a major office to visit Canyon will be Judge James V. Allred. He is coming at 2:30 o'clock on Friday afternoon, June 12. A reception will be held at the court house at that time for Mr. Allred and all of his friends are invited to come and meet him. He speaks at Lubbock Thursday night and will stop for a visit with friends in every town, speaking again Friday night in Amarillo.

Judge Allred is a candidate for United States Senator to succeed W. Lee O'Daniel. Mr. Allred was Attorney General of Texas for two terms before being elected Governor. He was Governor for two terms and was appointed Federal Judge by President Roosevelt before the close of his term. He resigned this position in order to run for Senator.

Mr. Allred is one of the most forceful speakers in Texas. He wants to meet as many people as possible while in Canyon and may speak briefly on the issues of the campaign.

Mrs. Jessie Reid attended the graduation exercises of her granddaughter, Elmirme Barron of Lamesa Monday. She later attended the graduation of a nephew, Newton Bryan Lassiter at Texas Technological College.

Mr. and Mrs. Ed Mickle, Mrs. Lorraine Childers and Bill Ed, and Mr. and Mrs. J. L. Heffner left for Dallas Saturday to visit with Densmore Mickle who is in a defense school.

R. J. Bowman and family of Los Angeles, California, will leave this week for the west coast after spending the past week here at the home of his mother, Mrs. R. T. Bowman.

C. L. Thompson, O. A. May and Sam Hill attended a meeting of implement dealers in Amarillo Tuesday for an explanation of OPA regulations.

Mr. and Mrs. Chris Wooten are here from Vanderbilt on a two weeks vacation at the parental W. J. Wooten home.

George Hand, Jimmie Linderman and Doyle McCuistion were home from Lynwood, Calif., for a few days this week.

Dr. Harris M. Cook is teaching in the summer session of Texas Tech.

Dallas State Fair Is Called Off for Duration of War

There will be no 1942 State Fair of Texas.

Decision to forego the annual exposition, known as "The world's largset and most beautiful State Fair," was reached by the Board of Directors after Harry L. Seay, president of the institution, made a report on his survey of the conditions brought about by the national emergency.

Lack of transportation for both exhibits and patrons decided the issue. Tire shortage, possible gasoline rationing and a scarcity of shipping facilities influenced the decision. Many of the leading fairs of both the United States and Canada have been called off for the duration.

Mrs. D. M. Foster and Jerry Anne spent the week end in Memphis. Katherine Wright returned home with them.

Mr. and Mrs. J. W. Shook spent Sunday at the home of their daughter, Mrs. J. H. Loftin, in Borger.

Smaller Number of Men Enter the Army and Navy

This week has been light so far as volunteers for the armed forces is concerned. There has been an unusually large number of volunteers from Randall county during the spring.

Preston Davis Taylor, Jr., has volunteered in the air corps.

Jack Haley has volunteered in the navy air corps. He received his degree from West Texas State last week.

Two negroes left Monday for the induction station at Lubbock. They were Eddie Mitchell and Charles Henry Frison, both from South Amarillo.

Art W. Hawks and Garland Turner went to Dallas yesterday with a delegation of 68 men to take physical examinations for the navy. Both had enlisted two weeks ago. The Plains navy men will take their oath at the opening of Lake Marvin next Sunday afternoon at 1:55 o'clock, in an "Avengers of Pearl Harbor" program. It was six months ago at that time that the Japs struck Pearl Harbor without warning.

The next call for white men is on June 15. About half of the group will be volunteers and men who have been transferred to other boards for induction.

C. R. Holland Sells Farm; To Take Life Easy

C. R. Holland has sold his farm south of Canyon to Ed Money and is preparing to leave in a short time for Hot Springs, N. M.

Mr. Holland is one of the pioneers of the Plains. His father bought a ranch near Wayside in 1898, and Chas. came ahead of the family to take over the ranch.

He bought his present farm of 306 acres in 1913 and has lived there since. Mr. Holland says that he is going to take it easy for awhile, but will likely be back in Canyon at frequent intervals.

FAMILY REUNION

Mr. and Mrs. G. R. Cox had as their guests the past week end their six sons and four daughters with their families.

Those present were Mr. and Mrs. Rad Cox and children, John Ross, Dorothy Faye and Charles Brady of Gainesville, Texas; Joe B. Cox and daughter Helen; Frank Cox; Mr. and Mrs. Jack Cox and daughter, Carolyn Kay of Roswell, N. M.; Dr. and Mrs. T. J. Cox of Flint, Michigan; Bowen and Ruth Cox of Sweetwater; Miss Anne Belle Cox of Borger; Mr. and Mrs. Barrett Brown Sherman, and Mrs. O. G. Jones and son, Owen Gibson, Jr., of Mexia, Texas.

Dr. John Randolph spent a few hours in Canyon Friday. He teaches in Cornell University and was on his way to California to teach in the summer session of Berkeley. Dr. Randolph is a graduate of West Texas State. While teaching in the Canyon high school 17 years ago he started the Eagle's Tale.

Mrs. Gleb Bourianoff and son arrived Thursday from their home in New Yory City to visit at the home of her mother, Mrs. Josie Atkins. Mrs. Bourianoff was the former Lillian Atkins, who was a member of The News staff for several years before she went to New York.

Mr. and Mrs. W. H. Stroud attended their son's wedding in Boise, Idaho, May 25. On their return they visited in Colorado Springs, Pueblo and Ordway, Colo., with Mrs. Stroud's sisters.

W. J. Phelps and family are visiting his father at Select, Ky.

Dry Weather To Reduce Yields

Rain Would Not Help Wheat Now is Opinion; Early Crop Is Ripening Very Rapidly

Harvest will start in about two weeks if the wheat continues to ripen at its present rate.

Volunteer wheat and the early planted wheat are ripening rapidly. Most farmers are of the opinion that rain would not help this wheat. The late wheat, oats and barley are practically all a failure because of the continued dry weather during this spring.

If there is no more rain, harvest will be much earlier than usual, and the farmers would be able to harvest the early wheat at a minimum cost. The greatest need of rain is for the row crops. Most farmers have their land ready for planting, but hesitate to plant row crops due to the continued drouth.

In comparison with the heavy rains of 1941 during harvest, this year presents an altogether different problem for harvest. The lack of labor this year will be offset by favorable harvest weather. Last year was the most expensive harvest the Panhandle has ever endured because of the continued rain. The yield this year has been greatly reduced on account of dry weather, and now farmers hope that the weather will permit the harvest of wheat at a minimized expense.

"Live at Home" Is Study of 45 Girl Homemakers

Forty - five future homemakers are learning to "Live at Home." The program is arranged so that the girl can make a half credit in Home Economics during the summer by doing the work at home under a supervisor.

Some of these individual projects are: managing the home, making homes more attractive and convenient, providing storage facilities, reducing food expenditures by providing food at home, improving the lawns, clothing selection and construction, planning and preparing meals and caring for children.

The club also is co-operating in group projects. They have made scrapbooks of jokes, cartoons and short short stories and covered book length novels to send to army hospitals at which some of the girls have brothers and friends.

Those from the Canyon High School who are working on summer projects are: Pauline Baker, Nadine Sterling, Christine Kellum, Evelyn Garrison, Thelma Turner, Joyce Saunders, Oleta Kellum, Lorena Turner, Edna Faye Westfall, Wilma Schuette, Barbara Michael, Betty Brown, Margaret Lair, Nancy Ben Moody.

Lucille Greer, Louise Morton, Dorotha Graves, Loyce Gipson, Tawn Rogers, Geraldine Franklin, Bette Rice, Zovene Oldham, Mary Etta Canada, Pat Brady, Ruth Price, Shirley Newberry, Evelyn Black, Mary Ann Bellah, Ellen Root, Vergie Ruth Haines, Claudine Foster, Wanda Morel and Kathleen Folk.

Those from W. T. High are: Catherine Conatser, Dorothy Costley, Wilma Dugan, Gloria Hamby, Esther Johnson, Marijo Knott, Liselotte Kuhles, La Wanda Moore, Frankie Phillips, and Billie Lee Parker.

Cemetery Association Will Hold Monthly Meeting Saturday

All members of the Cemetery Association are urged to attend a business meeting of the association Saturday afternoon at 3 o'clock at the Thompson Club Room.

Those who have made contributions during the past week were: Mrs. T. C. Thompson, Mrs. Peter Meyers, Mrs. W. H. Lewis, Mrs. Emma Monroe, Dr. H. A. Brown and Olin E. Hinkle.

Many citizens are still confused about the membership fee. This fee does not provide for keeping the lots clean all year, but does provide for cleaning the lots this spring.

Lot owners are warned that building concrete curbs around lots makes it impossible for the caretaker to mow the lots with the power machine.

Chas. Stephenson has been discharged from the army because of stomach trouble He hopes to be recalled by next spring.

Age of Three Men 266 Years

2 Brothers of W. N. Cox Help Him In Celebration

The ages of W. N. Cox and his two brothers total 266 years! And all of the three are in excellent health and enjoying life.

A birthday party was given on Wednesday of last week at the home of Geo. W. Cox, northwest of Canyon, for his father, W. N. Cox. On that day Mr. Cox reached his 86th birthday.

Here to celebrate this event were two older brothers, G. W. Cox, 89, of Manitou, Okla., and J. M. Cox, 91, of Chickasha, Okla.

The three brothers spent several days together and greatly enjoyed the occasion. This was the second reunion this year as the 91st birthday of J. M. Cox had been celebrated in April.

George Cox said that he had never seen a sprier group of men than his father and two uncles. All are in fine health and enjoying life. His oldest uncle, J. M., showed the group how a man of his age should perform by hopping off the porch and walking away almost as alert as a man of half his age.

All three of the brothers are widowers.

The two visitors returned to their homes after the birthday celebration.

China Relief Still Lacks $30.59

Dr. H. A. Brown is very anxious to secure the Randall county quota for China Relief. He still lacks $30.59 of having this quota, and hopes that other citizens will make contributions in order to complete this quota.

FAMILY REUNION

Mr. and Mrs. D. S. Hill had all of their daughters-in-law home for the week end. The following were in the group: Mr. and Mrs. Elon Hill of Miami, Mr. and Mrs. Ishmael Hill of Lubbock, Mr. and Mrs. Sam Hill of Canyon, Mrs. Fairy Hill of California, and Mr. and Mrs. Farrest Hill of Louisiana. Farrest is in the Coast Guard.

Guests of Mrs. Milton Myers Sunday were Mr. and Mrs. W. R. Visage and Bobby, Mr. and Mrs. Russell Visage and children, Mr. and Mrs. Joe Visage, Mr. and Mrs. M. I. Jones and Mrs. Oscar Bost of Portales; Mr. and Mrs. W. E. Lang, Mr. and Mrs. Silas Ellis and children, and Homer Bell of Amarillo.

Mrs. Berl Mayfield and Margie Thompson visited Sunday with Mrs. R. C. Taylor in Childress. Mrs. Taylor is the former Carolyn Mayfield.

USO Fund Only One-Fourth of County's Quota

W. A. Warren states that Randall county has raised only one-fourth of its quota for the USO fund. A number of Panhandle counties have completed the drive and raised their quotas in full.

"People are making contributions almost every day," states Mr. Warren. "Many contributions have been received, but most of them are for small amounts. It will take a number of larger contributions to raise the county's quota of $675," states Mr. Warren.

WILL DELIVER ADDRESS

Dr. S. H. Condron, head of the Government Department at the College, will deliver the commencement address at Samnorwood Friday night. W. E. Sanders is the superintendent there.

Mr. and Mrs. Ray Crowder of Goodnight, Mr. and Mrs. Jack Wester of Carlsbad, N. M., and Mr. and Mrs. R. E. Wester and son were Sunday visitors of Mrs. W. I. Wester.

Mr. and Mrs. Jasper Atkins and daughter of Ardmore, Okla., are here to visit their mothers, Mrs. Josie Atkins and Mrs. Mildred Kyle.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

"We cannot win the war with newspapers," was the opinion of one Selective Service officer at Austin. He wrote the local board at Matador that Editor Douglas Meador should be placed in 1-A Mr. Meador had not asked for deferment, and his local board sought the opinion of the state office. The opinion could have been written in a much less offensive and more diplomatic manner. Naturally an army officer believes there are only two classes of people in the nation who count in the war—the fighters, and those behind the fighters. It seems that the great mass of American citizens who are not in either of these classes must be the unfortunate casualties of the war. Evidently they do not count. No newspaper man claims that the newspapers will win the war, but any halfway reasonable citizen will agree that the newspapers are doing as much as any other class to win the war. If newspapers are of such small value, why does every governmental agency flood us with propoganda? Editor Meador publishes a fine newspaper at Matador. The Tribune is the only newspaper in the county, and when Mr. Meador is drafted, the Tribune will close. The people of Matador and Motley county must hearten back to the town-crier days after the Tribune closes. Selective Service will find that administration will be harder in Motley county because of the lack of the free news service given in the past by the Tribune; the Red Cross, USO, and other war agencies will be at a distinct disadvantage because of the lack of a newspaper. Of course the officer who wrote the opinion comes from a city where daily newspaper and radio service are available, and does not realize the importance of the country press. So far as Douglas Meador as an individual is concerned, he claims no preference over the other young men of Motley county; but when Editor Douglas Meador is inducted into the army and the Tribune is closed, a real economic, educational and cultural loss will be sustained by the community.

Practically every day you read of the concern of Washington officials over the fate of workers in defense industries who are having to pay increased prices due to the war. This group constitutes less than 25% of the nation's population. So far we have seen or heard little concern being expressed for the fate of the other 75% of the people who are not defense workers, but who are actually suffering a decline in income because of the war. Thousands of business firms have been forced out of business, and millions of non-defense workers have less income than last year. A representative of one of the largest corporations in the nation told the News the other day that his firm had sent out notice that either salaries must be cut 10% or more, or there would be wholesale firing of help. Naturally every employee was willing to accept less pay rather than lose his job. Even big corporations cannot continue long to operate at a loss, while a month or two of operation at a loss will close most small concerns. The administration should give serious thought to the fate of such a large mass of our citizens who are suffering reverses because of the war, and not do so much worrying about workers in war industries who are drawing drawing more pay than ever before in their lives.

Lynn Miller, a druggist from Pampa, has filed as a candidate for Congress. He opposes Congressman Gene Worley, who is now serving in the navy. We know nothing about Miller, but predict that he has a rough political road road ahead of him if he expects to win. Folks are not interested in politics. There was considerable furor over the district when Worley took leave to enter the navy. This has largely subsided since so many war plants have been announced for the Panhandle. Naturally the fact remains that this district is without a Congressman and will be for the duration of the war, but when patriotism gets mixed up with politics, the voters are likely to give Worley the benefit of the doubt. The voters may consider that Worley can do more good away from his office than a new man could do in Washington. It is reported from Shamrock and Pampa that friends of Worley intend putting on a whirlwind campaign as they did when he was elected.

The Japs are reported to be using poison gas on the Chinese. This might be expected. The Japs know that they must win the war or be blasted off the face of the globe. Much to the surprise and chagrin of the United Nations, the Japs continue winning every battle. Their aim is to knock out the Chinese before we can get aid across the Pacific. It is too late now for the United State to mourn that we did not heed the warnings of so many students of Eastern affairs. We sold them scrap iron, gasoline and other munitions, against the advise of those who knew the Japs, and now are paying the penalty for this foolishness of profits.

A lot of Randall county people are not yet convinced that their tires must last until 1944, or probably longer. Every day you see cars running at excessive speed on the streets of Canyon and on the highways of the county. When the casings of these people wear out they will be on foot and there will be no one to blame but themselves. A peep in on the Rationing Board will reveal how many farmers there are who are clamoring for casings for their trucks and tractors—and the local board is helpless to come to their rescue.

The War Department advocates inducting boys 18 and 19 years of age into the fighting forces. At present 20 years is the lowest age limit. As a matter of fact, boys of 18 and 19 years are preferable as fighters to men of 30 years and older. But Congress balks on the idea of reducing the age limit for the time being. By the time 1943 rolls around you may expect to see the age limit lowered, especially when it becomes necessary to increase the armed forces to 8,000,000 men.

Every local Selective Board in the nation wishes that General Hershey would quit making newspaper statements, or would back up his statements with orders directing local officials what to do. Local boards are doing their best to inteerpret the law and the voluminous bulletins which are sent to them, but they cannot keep up with the General's speeches which are confusing to both board members and ot the men of military age.

If gasoline is rationed in Texas, school officials must take drastic steps to curtail expenses, or be left with a big debt on their hands. The gasoline tax pays much of the school apportionment in Texas, and this tax will be reduced so that state payments cannot be held to their present high level. No one likes to see school activities reduced, but this is war—total war, and sacrifices must be made even by our schools.

Those who love beautiful flowers should visit the home of Mr. and Mrs. Levi Cole. This is one of the show places of Canyon as to the large variety of flowers. Mr. Cole has been studying and cultivating flowers on his place for many years and has much to show for his efforts. When someone tells you that certain flowers, or certain vegetables will not thrive on the Plains, chances are you will find these things growing at the Cole home.

There is a move on to allow soldiers to vote in the Texas elections this year. Unfortunately the move started too late for the soldiers to pay their poll tax and be ready to vote. However, it is nothing more than right that men who are called upon to defend with their lives the Democratic Way of Life should likewise have a vote in the administration of Democracy.

The government is freezing labor in war plants. In other words, when a worker gets a job in one war plant, he cannot quit in order to accept higher pay in another plant. Much confusion has resulted from this constant bidding for labor among war plants.

Local candidates in one Texas county advocate that they all walk in visiting the voters. Randall county candidates have a better plan—just don't get opponents, thereby eliminating the necessity of troubling the voters during the campaign.

Senator O'Daniel has finally announced for re-election. He has been very meek about his campaign, but Moody and Allred are having plenty to say about the Senator.

Uncle: "I suppose you'll be at the school picnic, John."

John: "No, I ain't going."

Uncle: "Don't say 'I ain't going,' Johnny. Here, I'll give you a lesson: 'I am not going, you are not going, he is not going, we are not going, they are not going.' Now, can you say all that?"

John: "Sure. There ain't anybody going."

Even with Mr. Henderson's ceilings, rents in Washington are high. As witness the conversation between two Government girls.

First G. G.: "What's the rent of your nice room, Gladys? I suppose they ask a lot for it?"

Gladys: "Yes, they ask for it almost all the time."

We know of a man who takes rationing so seriously that instead of calling his wife "Sugar" he now calls her "Honey."

Miss Pierle Going To Medical School

Miss Ida Martha Pierle, spring graduate at West Texas State College, will leave here June 20 to enter the Medical Branch of the University of Texas at Galveston.

Miss Pierle, daughter of Dr. C. A. Pierle, head of the Department of Chemistry, is one of seven girls admitted by the Galveston school in its new class of one hundred students. She majored in chemistry and biology and obtained admission through the aptitude tests given each year by her father and graded in Washington, D. C. She was a member of Kappa Tau Phi, the Buffalo Band, the College Orchestra, the Women's Chorus, Pi Beta Gamma, and Type High, the press club.

Many students have entered the medical profession after taking work in science at West Texas State.

Miss Georgia O'Keefe Former W.T. Teacher Given D. Lit. Degree

Miss Georgia O'Keefe, former head of the College art department, has been given the degree of Doctor of Literature by the University of Wisconsin.

Miss O'Keefe, now a New York artist, was given the title of "One of the Twelve Outstanding Women of the Last Half-Century" at the time of the World's Fair. She was born at Sun Prairie, Wis., and educated in that state and a number of universities and art schools.

Since 1918 she has given most of her time to painting. Her work hangs in the Metropolitan Museum, Museum of Modern Art, and Whitney Museum of New York, and in art galleries of such cities as Washington, D. C., Detroit, and Cleveland.

How The Recent GOVERNMENT REGULATION "W" Covering Consumer Credit, Affects CHARGE ACCOUNTS

PAY PROMPTLY

If you have been in the habit of paying your bills on a thirty-day basis, and if you continue on that basis, Regulation "W" will not affect your charge accounts at all.

The Federal Reserve Bank has ordered restrictions placed on all charge accounts. Under this new ruling, with which all stores doing credit business must comply, no further credit can be extended on an account that has a past due balance of forty days.

It is also necessary to list all past due accounts; therefore, it is to the advantage of everyone to pay their accounts on due date in order to avoid default. Those who are not able at this time to liquidate their accounts in accordance with the new law are requested to consult the credit manager of the stores where they owe accounts to make the necessary provisions required under the new law. All credit managers in Canyon stand ready to assist their customers.

Regulation "W" became effective May 6. All charge purchases on the books at that time, and all charge purchases made since that date come under its rules. If there is any question concerning your charge account at any retail store, please do not hesitate to get in touch with the credit manager. He will gladly explain any detail you would like clarified.

The merchants of Canyon desire that the same pleasant relationships, which have always existed between stores and their charge patrons, be continued. It is their feeling that these regulations passed by the government will not materially change the essential convenience and service offered through a charge account. We know that the charge patrons will join with the stores of Canyon in full co-operation with the government.

o o o

STATEMENT DATES

To meet the conditions of this government ruling, the statement month must coincide with the calendar month. Future statements will include all charge purchases from the first day through the last day of the month.

INSTALLMENT ACCOUNTS

With a few exceptions, Regulation "W" requires a down payment of one-third of the purchase price. Payments may be extended up to twelve months, but no monthly payment can be less than $5.00.

BUDGET, SPECIAL AND COUPON BOOK ACCOUNTS

The regulations require a down payment of one-third of the purchase price. The payments of the balance to be arranged in the credit department, but no monthly payment can be less than $5.00.

Helen E. Bowman and Mr. Moreland Married Monday

Miss Helen Elizabeth Bowman became the bride of Mr. Ray Moreland of Dallas in an impressive double ring ceremony at the home of her mother, Mrs. R. T. Bowman, 2301 7th Ave.

Nuptial vows were spoken at 7:30 Monday evening before an improvised altar banked with beautiful blue and pink larkspur and white and pink roses. Dr. Roy L. Johnson of the First Baptist Church officiated.

Miss Geraldine Hart sang "At Dawning" and "I Love You Truly" accompanied by Mr. Tom Langston at the piano, who presented a program of prenuptial music and played as the processional, Lohengrin's Wedding March. During the ceremony, he played "Love Call," "Oh, Sweet Mystery of Life." For the recessional he played Mendelsshon's Wedding March. Miss Hart sang "I Would Be True."

The bride entered on the arm of her brother, R. J. Bowman of Los Angeles, Calif. She wore a powder blue embroidered pique suit with white accessories. Her corsage was of orchids. Her something "borrowed" was an imported handkerchief which she carried.

Miss Lurline Bowman, her sister's only attendant, wore a sheer navy dress with navy accessories. Her corsage was of Talisman roses. The bridegroom's attendant was Mr. Raymond L. Williams of North American Airlines, Dallas.

Reception Held

The bride's colors of pink and white were carried out at the informal reception held after the ceremony.

The refreshment table was laid with an imported Mosaic cloth, appointed with crystal and decorated with pink tapers and pink and white roses.

The house party included Mrs. Hattie Brasuel, who poured the punch; Miss Ferne Bowman who cut the wedding cake; Mrs. O. F. Dean of Dallas, Mrs. C. N. Nunson of Wichita Falls, Mrs. Lula B. Owen and Miss Lurline Bowman of Canyon.

After the ceremony the couple left for a short trip to Eagle Pass, New Mexico. After June 9 they will be at home in Dallas at 215 South Carroll Ave.

The bride was graduated from Canyon High School in 1935. Later she attended West Texas State College. For the past year she has been employed by North American Airlines at Dallas.

The bridegroom, a son of Mr. and Mrs. M. I. Moreland of Seminole, Texas, was graduated from Big Spring High School and later attended Hardin-Simmons College at Abilene.

Guests at the wedding were: Mrs. Dean of Dallas, Mrs. Nunson and children of Wichita Falls, Mr. and Mrs. J. R. Bowman and children of Los Angeles, Calif., Miss Ferne Bowman of Columbia, Mo., Mrs. Lula B. Owen, Miss Lurline Bowman of Canyon.

Mr. and Mrs. Moreland of Seminole and son, Louis, Miss Elizabeth Cox, Miss Bonnie Dickerson, Miss Rita Fincannon of Brownfield, Mrs. Jack Parsons of Plainview, Miss Jane Falls, Miss Georgeanne Falls and J. E. Falls of Snyder, Miss Sybil McWhirter of Dallas.

Oh, Buoy!

Coast guard crews who vied for honors in the breeches buoy contest at Long Beach, Calif., had a real incentive to win. Joan Woodbury, top, and Jinx Falkenburg were rescued by the courageous life-savers.

MISS IONE GILL BECOMES BRIDE OF OGDEN STROUD

In a single ring ceremony at Boise, Idaho, Miss Ione Gill, daughter of Mr. and Mrs. A. W. Gill of Miami, Texas, became the bride of Sgt. Ogden Stroud, son of Mr. and Mrs. W. H. Stroud.

Nuptial vows were spoken at 3:00 o'clock Monday afternoon, May 25, in the First Methodist Church in Boise.

The bride was attired in sheer black crepe with a white jacket trimmed in black with black accessories. Her corsage was of gardenias.

The only attendant was Cpl. T. S. Williams, Jr., of Gowen Field.

The bride has been teaching Home Econonfics in the Lefors school system. She was graduated from Texas Technological College with a B. S. degree.

The bridegroom was graduated from Canyon High School and from West Texas State College. He received his Master of Education degree from the University of Texas. Mr. Stroud taught commercial subjects at Lefors before enlisting in the Army Air Corps last January.

The couple will be at home at 1104-N 12th Street, Boise, Idaho, where the bridegroom is stationed with the Bombardment Squadron at Gowen Field.

Mr. and Mrs. W. H. Stroud accompanied the bride-elect to Boise for the marriage.

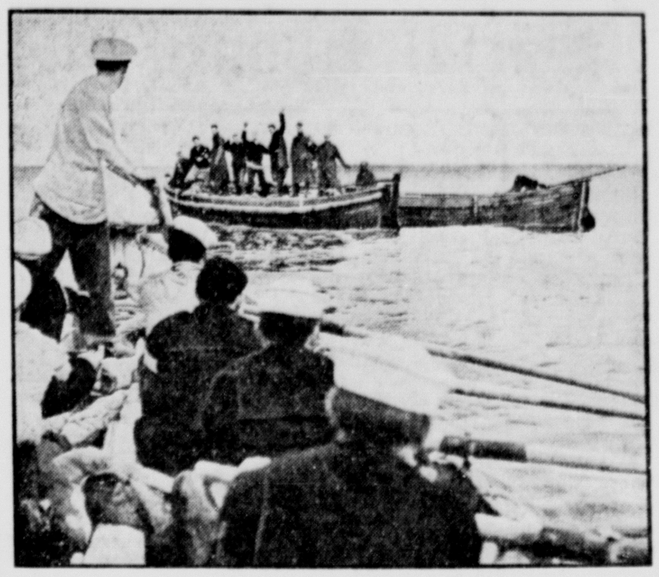
Coast Guard Rescues Survivors



Survivors of a torpedoed merchantman cheer as a surfboat from a Coast Guard station pulls alongside. Survivors were taken back to the station for food, clothing, and medical care. Hundreds of fast sub-busters of the Coast Guard are to be used in convoying coastwise vessels during the entire course of their journey, as a measure toward protecting merchantmen against submarine attack.

Professor: "Who can tell me one of the effects of heat?"

Student: "Heat causes bodies to expand, while cold makes them contract."

Professor: "Good. Can you give me an example?"

Student: "Yes, sir. In summer when it is hot the days are long; in winter, when it is cold, they are short."

It was said of the Texas Rangers that they "combined the fighting qualities of three races: they could ride like Mexicans, trail like Indians, shoot like Tennesseeans and fight like the devil."

It's The Truth

READ THIS

No business man in any town should allow a newspaper published in his town to go without his name and business mentioned somewhere in its columns. this applies to all kinds of business—general stores, dry goods, groceries, furniture dealers, manufacturing establishments, druggists, mechanics, automobile dealers, professional men, and in fact all types of business men. This does not mean that you should have a whole or half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned even if you use a small space. A stranger picking up a newspaper should be able to tell what business is represented in the town by looking at the business mentioned in the paper. This is the best possible town advertiser.

The man who does not advertise his business does an injustice to himself and the town.—American Bankers Magazine.

Protect Children Is Great Need, Says Official

"In any war the future of the children must be safeguarded so that they can live and share in the freedom to follow," declared Dr. Geo. W. Cox, State Health Officer.

"They must be nourished, sheltered, and protected, even in the stress of wartime production, so that they will be strong to carry forward a just and lasting peace.

"Our American Republics sprang from a sturdy people yearning for tolerance, independence, and self-government. The American home has emerged from the search for freedom. Within it the child lives and learns through his own efforts the meaning and responsibilities of freedom.

"Both as a wartime responsibility and as a stepping stone to our future and theirs, all citizens should join together to—

1. Guard children from injury in danger zones.
2. Protect children from neglect, exploitation, and undue strain in defense areas.
3. Strengthen the home life of children whose parents are mobilized for war or war production.
4. Conserve, equip, and free children of every race and creed to take their part in democracy."

Too Many Arrests Still Being Made For Fast Driving

X car drivers, those persons riding on rationed tires obtained under priority rights, composed the vast majority of the 98,978 persons arrested or warned for violations such as speeding on Texas highways during the first four months of this year.

Col. Homer Garrison, director of the Department of Public Safety, emphasized that fact in a report to Gov. Coke R. Stevenson Friday, which disclosed that, while Texas is leading the nation 3 to 1 in the reduction of traffic fatalities, law violations increased 14,030 during the period from Jan. 1 to May 1 over the same period last year.

"Significantly, district commanding officers of the state highway patrol have reported that a vast majority of the arrests for speeding involve persons riding on rationed tires," Garrison said. "One such report estimated the number of such speeders as 90 per cent of the total arrested in a certain district."

Garrison also reported it was apparent that the majority of drivers have diminished their speed and have thus contributed to the sharp reduction in traffic fatalities.

For the first four months of 1942, as compared with the like period a year ago, Texas fatalities were down 22 per cent. The national reduction for this period, which was announced Friday in Chicago by the National Safety Council, is 7 per cent.

Texas fatalities dropped 45 per cent in April, 1942, as compared with April, 1941. The national reduction for April was 14 per cent.

The decrease of 22 per cent in Texas traffic deaths represents a saving of 127 lives, a reduction from 588 deaths in the 1941 period to 461 deaths in the 1942 period.

The April reduction alone represented a saving of sixty-five lives in Texas; 146 persons were killed in that month last year and eighty-one this year.

The economic loss—the cost of human lives lost, persons injured and vehicles damaged—decreased 16.1 per cent, from $8,382,600 in the first four months of 1941 to $7,032,000 for the same period this year.

Deep River Boys To Give Concert at WT June 9th

Summer Session students of West Texas State will hear the Deep River Singers on Tuesday evening, June 9—at their special request. Demands for their return have been insistent since the colored music masters sang here last summer.

They are expected to give portions of the "Swing Mikado," for which they are famous, and other selections.

John Burdette, bass, is a Kentuckian who grew up on "Old Man River." He has appeared as a guest star at the Chicagoland Music Festival. Albert Page, baritone, is a native of Tennessee and a graduate of Fisk University. He has directed a radio broadcast group which was voted the most popular ensemble in the Middle West. Albert Yarborough, tenor, is a Georgian who went to Chicago to study music and became well known as a member of the Clef Barons quartet. Merton Smith, tenor, sang solos for services held by his father, a Baptist minister. He sang with the Mundy Jubilee Singers and as a soloist over the Mutual network.

Mary L. Robinson, pianist and accompanist for the group, is a daughter of an Alabama Methodist minister. She was educated at Payne University and the Chicago Musical College. She is prominent in Chicago as a coach of negro choral groups.

In addition to being vitally entertaining, the Deep River Singers are justly famed for their musicianship, according to Prof. Wallace R. Clark, chairman of the College lyceum committee.

Admission will be 50 cents or presentation of activity ticket. The curtain will rise at 9:30 p. m.

Community Vacation Bible School Starts Monday

The Community Vacation Bible School, an enterprise sponsored jointly by the Methodist, Presbyterian and Christian Churches, will open on next Monday morning with departments for all children from the beginners through the intermediate departments.

The beginners and primary departments will meet in the Methodist Church, the junior department will meet in the Presbyterian Church, and the intermediate department in the Christian Church. All departments of the school will conclude their morning activity at 11; however, the opening time for the beginners and primary departments will be 9 a. m. and the opening hour for the junior and intermediate departments will be 8:15 p. m.

The faculty for the school this year is composed of unusually capable staff of teachers. The work will emphasize Bible study, but will include Bible study in all its variations, as through hymns, hand craft, Bible stories, drama, and guided activity outside of the school.

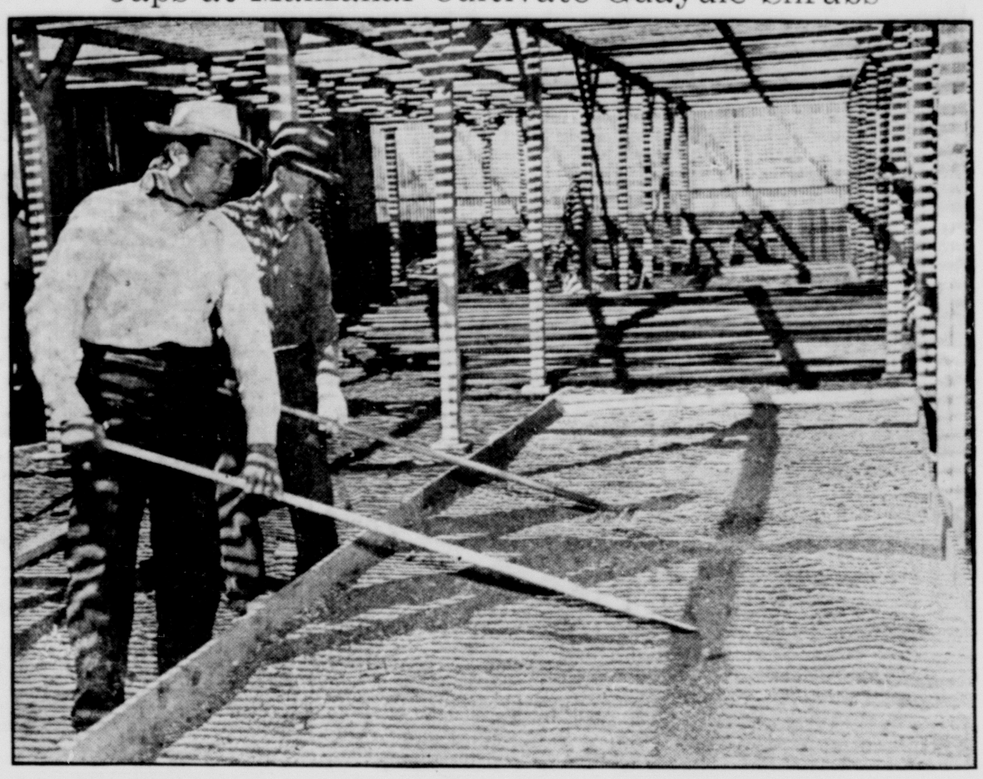
Every boy and girl in Canyon between the ages of three and fifteen are most cordially invited to the school. During the school two picnics will be held and through the courtesy of the various organizations in the church there will be "surprise days" when some token of the nature of a surprise will be given.

Most things a fellow waits for are not worth the delay.

Leaving Their Tails Behind Them

Lambs are brought from the fields in England to have their tails removed each spring. Lamb's tails are prepared for the farmer's evening meal, and are great treats in the country, especially since they are not rationed.

Japs at Manzanar Cultivate Guayule Shrubs



Farming is the main occupation at the Manzanar reception center in California, where west coast Japs are interned for the duration. Here they use their knowledge of agriculture to aid in cultivating guayule shrubs, needed for production of synthetic rubber.

ert struggling in the water. Foshee called to Pulliam that Robert was out of the boat and the driver started to circle. The girl became hysterical and fell out of the boat as it started back to Robert. Foshee jumped out and succeeded in getting the girl to the shore.

Pulliam saw Robert go down for the last time, and marked the place. He led officers to the place and for six days attempts were made to locate the body.

The family in Canyon decided last Wednesday that some member should go to California, and finally succeeded in getting a seat on the plane leaving Amarillo early Thursday morning. Malcolm Hunt made the trip and arrived at Stockton at 11 o'clock Thursday night.

Early Friday morning he went to the supply base and called upon the commanding officer, Colonel James J. Firestone. Malcolm was assured that everything humanly possible had been done to recover the body without success. Lieut. L. K. Cooke, adjutant, who had directed the search was called and it was decided that Pulliam would accompany Malcolm and the officer to the spot of drowning Friday afternoon. They used the same boat from which Robert had fallen to his death.

As the party neared the spot of the drowning, another boat hailed them stating that a body was in the water and that they were going after the coroner. Malcolm and the party went toward the body, and Malcolm recognized it as his brother. The boat pulled toward the landing, and the body followed in the wake of the boat. It had then been in the water for almost seven days.

It took nearly 24 hours to prepare the body for shipment, and Malcolm started back to Canyon Saturday night with the casket, draped with a flag.

The body arrived late Monday afternoon and was taken to the family home for a short time upon request of the family. The funeral services followed at the Methodist Church, conducted by Rev. C. C. Armstrong. A military escort from the Palo Duro Post assisted in the services.

Pall bearers were Andy Walsh, Guy Harp, L. H. Holman, J. M. Daugherty, R. B. Davis, Dan F. Sanders, with other Legion members as escorts.

Interment at Dreamland Cemetery was in charge of the Griggs-Thompson Funeral Home. Before the body was lowered, a flag was taken from the casket and presented to the mother of the deceased. Hudson Prichard, Jr., sounded taps.

Surviving are: the parents, Judge and Mrs. A. H. Hunt of Canyon; six brothers, T. H. Hunt of Duro, N. M., A. E. Hunt of Portales, N. M., D. A. Hunt of Wheeler, H. L. Hunt of Wichita Falls, N. M. Hunt of Amarillo, M. G. Hunt of Portales, N. M., and one sister, Miss Lonie Hunt of Lovington, N. M.

PRESBYTERIAN CHURCH

At the evening worship hour in the Presbyterian Church on next Sunday evening at 8:30, the service will have an extra note of interest when Miss Geraldine Hart will give a clarinet solo. Miss Jean Tarlton, another student in the college will be organist for the evening. The sermon theme will be "A Modern Substitute for the Gospel." After the evening service the college young people will go to the Manse for a Fellowship Hour.

The theme for the morning worship at 11 will be "Our Worries and Christ's Peace." At this time the choir, under the direction of Mrs. Harry Brown will sing an anthem.

The Ladies Auxiliary will meet net Tuesday afternoon at 3 o'clock in the parlors of the Church, with Mrs. L. L. Monroe, Mrs. C. R. Burrow and Mrs. S. L. Ingham in charge of the program.

This church is co-operating to the fullest extent in the Daily Vacation Bible School and wishes to urge every child in the community to be in the School.

Each ship can bring enough iron ore down the lakes to make steel for 2000 airplanes.

Navy Lifts Ban On Married Men Officer Training

The Navy has lifted the ban on married men becoming deck and engineer officers, it was announced this week by Eighth Naval District Headquarters.

The Navy Department this week authorized the enlistment of married college graduates for the V-7 deck and engineering Naval Reserve Midshipmen courses leading to commissioning as Ensigns in the Reserve. Each married candidate for the V-7 course must, however, furnish a statement signed by himself and his wife attesting that his dependents will be adequately provided for during the period of his training.

College juniors and seniors who are married will not be considered qualified for the course under the new revision. Unmarried candidates for the Reserve Midshipmen's school must remain unmarried for the duration of their training. Currently the candidate enlists as an apprentice seaman and becomes a midshipman after one month's training.

Enlistments for the V-7 course are being taken at the Navy Recruiting Offices.

Museum Still Big Attraction

Forty-Two States Are Represented in List Of Persons Registering

Tourists from 42 states, Canada, Chile, India, Puerto Rico, and France have registered this year at the Panhandle-Plains Museum—a total of 7,449 to May 15.

The largest number came from Texas, which had 6,754 registrants, but Oklahoma had 138, New Mexico 119, California 52, Kansas 33, Colorado 35, Michigan 29, Missouri 29, Illinois 26, Indiana 26, and Ohio 25.

Registration by months was as follows: January, 1425; February, 719; March, 1,555; April, 2,357; May, first half, 1,393.

While transportation difficulties is reducing the tourist volume, it is pointed out by Boone McClure, assistant curator, that the Museum and Palo Duro State Park are two of the Southwest's most consistent tourist attractions. The number of persons visiting each is approximately the same.

Announcement!

We wish to announce the opening of our recently acquired elevator, formerly known as the Neff Elevator.

Mr. W. H. Stroud will be in charge of its operation. Mr. Stroud is well known to all farmers, and has handled much of your wheat and other grains in past years.

We want your grain, and will always pay the highest market prices.

STORAGE FOR WHEAT

We are affiliated with the Producers Grain Corporation of Amarillo and Fort Worth, which connection will place us in a very advantageous position for storage of loan wheat.

As you well know, storage will be a real problem this year. We cannot promise that we will be able to find a place for all of your wheat, but we do commit ourselves to make every effort possible in this connection.

BONDED FOR YOUR PROTECTION

We are bonded to issue local Warehouse Receipts, and will give you prompt service in handling your wheat.

We shall greatly appreciate your business, and cordially invite you to come and talk the matter over with us.

Buffalo Team Now Weak at Center and In Backfield—Competent Kicker Needed

For the first time in recent years, entering freshmen will have an opportunity to crash into the starting lineup of the Buffalo football team next fall.

The relaxed eligibility rule is the basic cause, but weakness at center and in the backfield also are factors. There are no ball carriers equal to Wee Ben Collins and speedy Larry Sanders—or at least they have not proved themselves to be such. Backfield kicking is especially lacking.

The center post has been a problem for several years. The injury jinx became almost a tradition. Yet despite this difficulty the Buffs won a majority of even their toughest games.

Although the 1942 line will be small for a Border Conference member, Coach Gus Miller believes it will be a strong one. While speculative lineups mean little at this season, the starters of the spring group might be as follows:

Left end, Leslie Curb, 193 pounds; left tackle, Johnny Thomas, 194 pounds; left guard, O. C. Rampley, 191 pounds; center, Leo Steinkoenig, 182 pounds; right guard, Joed Forbus, 197 pounds; right tackle, James Love, 193 pounds; right end, Buford Emler, 187 pounds; quarterback, Mack Winter, 180 pounds; right halfback, J. W. Anderson, 178 pounds; left halfback, Eddie Castleberry, 165 pounds; fullback, J. P. McMahan, 170 pounds.

Fall training will re-open the lineup at all positions, with possibilities for changes as freshmen and squadmen battle for the places.

First Jeep (the morning after his first 15-mile hike under full pack): "Boy, did I sleep last night. I slept like a log."

Second Jeep: "Yeah man. Like a log with a saw going through it."

Nine Cows in One

Carnation Ormsby Madcap Payne gives as much milk in one year as you would get from nine ordinary animals. "Capper," as she is known at her farm residence near Seattle, Wash., set a new world milk production record of 41,934.4 pounds of milk in one year. On one peak day she gave 146.5 pounds, approximately 70 quarts, or almost two full cans of milk.

Swimmin' Hole Days Are Here

Hey, Jimmy! Hey, Johnny! Come on, let's all go.
Aw, gee, get a move on, an' don't be so slow.
Jes' grab up your trunks, an' come trailing along.
Yea, those are the words to the swimmin' hole song.

The kids in Washington, D. C., found the recent 91 degree temperature in the nation's capital too much to resist. They answered the call of the ol' swimmin' hole song.

Mrs. O. J. Grabbe left Thursday for a visit with her father and other relatives at Denton.

We often wonder why we struggle so hard to make a living, when it's so easy to take a lead pencil and the back of an envelope and get rich raising chickens.

The junk dealer was making his rounds, collecting war material. "Any old iron? Newspapers? Rubber?" he chanted as he chanted as he knocked on the door.

"No, don't bother me," snapped the man of the house irritably. "There's nothing I know of. My wife's away."

The dealer hesitated a moment, then inquired: "Any old bottles?"

Wartime Transportation

Cattle on the hoof, grain on the farm, minerals at the mine, oil at the well, goods at the factory—these cannot help our soldiers or our people until *delivered* where they are needed.

Our job is to "Keep 'Em Rolling"

Santa Fe is eager to do its full share of this huge wartime transportation job, military and civilian, throughout our territory. Years of careful operation, maintenance and expansion conditioned Santa Fe facilities for just such an emergency. *But to meet every demand, existing equipment must be used to the limit!*

You Can Help, Too

Last year you shippers did a lot to increase efficient use of existing freight equipment. Now we ask your continued cooperation to that end by doing these things: • *Make every car you use carry a maximum load* • *Save every hour you can in loading and unloading cars* • *Order cars only for your actual current needs.*

Your help will help us do a better job for you, as well as for Uncle Sam, whose needs must come first in war.

At Your Command

Besides all-out war service, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Talk over your travel and traffic problems with your Santa Fe agent.

Buy U. S. War Stamps and Bonds

Yes, neighbor, you . . .

. . . quiet, self-effacing *you*, are a living part and parcel of the biggest, toughest, bloodiest war in all the hard pages of history.

You can't escape it. You can't hide out on the moon!

For here is a war EVERYBODY is in. The man behind the plow. The kid in knee pants. The oldster with the cane. The housewife with the market basket. The white-collar worker. The blue-collar worker. The girl in the schoolroom.

We're ALL in it—lock, stock, body, and soul.

If America loses, *you* lose. If America goes down (and it can), *you* go down, too. And every decent thing goes down with you . . . that home, that hearth, that patch of ground, that blessed freedom.

The only way to save these things is to *win the war!*

And the only way to win is to out-build, out-gun, out-plane, and out-fight the enemy—to make him sick at the sound of a propeller, the sight of a tank, the roar of a bomb.

That's where *you* come in.

For, brother and sister, building these things takes money. Lots of it! And your government needs that money *right now!* Not for keeps. They don't want you to give it away. They just want you to *lend* it to them.

Invest every dime, quarter, half-dollar, and dollar you can lay your hands on in U. S. Stamps and Bonds. Not just spare money but money you *can't* spare. Dig deep. Deny yourself. *This is war!*

Make *every* pay day Bond day. Make *every* day Stamp day. Start doing it this *very* day!

Public Housing Is Subject for Talk At Rotary Club

W. Holmes Smith talked at the Rotary Club luncheon Tuesday on the question of public housing. Not until six weeks ago when war plants were announced in the Panhandle has there been any concern about housing, stated the speaker. Now the problem is becoming acute.

On February 24, 16 federal agencies were consolidated in order to secure more efficient managemnt of housing situations. This agency determines the types of houses, rentals and whether private or national funds shall finance the housing projects.

There are three operating units—FHA, Federal Home Loan Banks, and Federal Public Housing Authority.

Mr. Smith discussed the latter agency at length, since Panhandle people are likely to hear much from this agency. Three kinds of housing are taken up by this branch: 1. Temporary houses, largely trailers which are placed for temporary workers on war projects; 2. Prefabricated houses and dormitories, designed for war industries where there will likely be no need for the houses following the war; 3. Permanent houses, in those localities where there was a shortage of houses before the war, and it is indicated that the shortage will continue after the war.

Mr. Smith believes that many Panhandle towns will see much activity from the public housing department during this year.

Visitors were: R. E. Wertz and L. A. Osgood, of Amarillo; Tom Langston and Edgar Williams of Canyon.

Gary Duncan left Tuesday for Tucson, Arizona.

L. F. Sheffy Is Lions Club Speaker Thursday

"The Great Plains" was the subject interestingly discussed by Dr. L. F. Sheffy when he spoke to the Canyon Lions Club at the regular luncheon of that group last Thursday noon.

Other features of the program were speeches by the District Governor "Blue Boy" Pender of Lubbock, and Duey Thatcher, representative of Lions International.

Mrs. Maxine Miller of Billings, Montana, Mrs. Edith Shorten and Mr. and Mrs. Robert Dullenty of Joliet, Montana, left Thursday after a two weeks visit here with relatives.
